

FELL LIKE A KNELL.

Justice Paxson's Decision in the Homestead Cases.

STRIKERS WILL BE INDICTED

The Judge Tells the Grand Jury That the Acts of the Strikers Were Treasonable and That the Company Had a Perfect Right to Import Armed Guards.

PITTSBURG, Oct. 11.—Chief Justice Paxson, of the supreme court of Pennsylvania, Monday charged the grand jury in the cases of the Homestead strikers charged with treason. The charge contained over 5,000 words and embraced a graphic resume of the circumstances leading up to the riot at the Carnegie Homestead mill and the subsequent charges of treason lodged against thirty-three union men. The chief justice's charge is considered by members of the Allegheny county bar as unfavorable to the defendants. In charging the jury Justice Paxson said:

"We can have some sympathy with a mob driven to desperation by hunger, as in the days of the French revolution, but we can have none for men receiving exceptionally high wages in resisting the law and resorting to violence and bloodshed in the assertion of imaginary rights, and entailing a vast expense upon the tax payers of the commonwealth. It was not a cry for bread to feed their famishing lips, resulting in a sudden outrage, with good provocation; it was a deliberate attempt by men without authority to control others in the enjoyment of their rights. The existence of such state of things in a government of law indicates a weak spot. It is not in the law itself; that is sufficient for the preservation of order; all that is needed is its proper enforcement. To accomplish this, it is only necessary that every one connected with its administration should do his duty. This duty is as solemn and imperative with a jury in the box as it is with the judge upon the bench. I am glad to be able to say, as a result of my experience in the criminal courts, that I have seldom known a jury to falter in the performance of a duty, when that duty has been clearly and fairly presented to them. If jurors fail in this respect the courts can accomplish nothing and the result is anarchy. It is much to be feared that there is a diseased state of public opinion growing up with regard to disturbances of this nature, and an erroneous view of the law bearing upon these questions has found lodgment in the public mind."

In defining the law, the justice said: "When the company shut down its works and discharged its men, it was acting strictly in the lines of the law; it could not compel the men to work, nor could the men compel the company to employ them; no arrangement could be made in such regard except in the nature of a contract agreed upon by the parties. Upon this subject their rights were mutual. The company had the indisputed right to protect its property; for this purpose it could lawfully employ as many men as it saw proper, and arm them if necessary. Many of our banks and places of business are guarded by armed watchmen. The law did not require it to employ as watchmen the men from whom it anticipated the destruction of its works. The right of the men was to refuse to work unless their terms were acceded to them and persuade others to join them in such refusal, but the law will sustain them no further. The moment they attempt to control the works and to prevent by violence, or threats of violence, other laborers from going to work, then they placed themselves outside the pale of the law. It can not be tolerated for a moment, that one laborer shall say to another laborer, 'You shall not work for this man for that wage without my consent,' and then enforce such command by brutal violence upon his person."

"It is the duty of the state to protect every citizen within her boundary. In this there is no distinction between the laborer and the capitalist; it protects each with equal impartiality. When the state fails to do this it fails in its duty as sovereign, and it will protect with a firm hand the individual laborer from the tyranny and unlawfulness of organized labor. The law should be so enforced from the Delaware to the Ohio, that the humblest laborer can work for whom he pleases and at what wages he sees fit, undisturbed by the bludgeon of the rioter or the pistol of the assassin."

"You will also observe that the offense charged is treason to the state, and not against the United States; it is a matter with which the latter has nothing to do, and over which it can have no jurisdiction."

"A mere mob, collected upon the impulse of the moment, without any definite object beyond the gratification of its sudden passions, does not commit treason, although it destroys property and attacks human life. But when the large number of men arm and organize themselves, and engage in a common purpose to defy the law, to resist its officers and deprive their fellow-citizens of the rights to which they are entitled under the constitution and laws, it is a levying of war against the state, and the offense is treason. Where a body of men have organized for a treasonable purpose, every step which any one of them takes in part execution of their common purpose is an overt act of treason. Every member of such asserted government who has participated in such usurpation has committed treason against the state. It is a maxim of criminal law that a man must be presumed to have intended that which is the natural and probable consequence of his acts. We have reached the point in the history of the state where there are but two roads left to us to pursue. The one leads to order and good government, the other leads to anarchy."

SUNDAY SHOOTING.

After Committing Murder a Young Man Takes His Girl to Church.

HUNTINGTON, Ind., Oct. 11.—A fatal shooting affray occurred at the residence of Mrs. Jackson, a widow, living in Warren township, this county, Sunday night. Mrs. Jackson has a daughter who was receiving the attention of two young men—Frank Shultz, a farmer, and Charles Berkheimer, a railroad employee. Sunday evening Shultz drove to the house and was met at the fence by Berkheimer, who forbade him to fasten his horse.

Shultz persisted and Berkheimer made an assault on him. Shultz was armed, and drawing his revolver he fired point-blank at Berkheimer. The bullet struck him in the side and he walked away. Shultz then went to the house and accompanied the young lady to church. Berkheimer made his way to a neighbor and surgical attendance was secured. His wound resulted in his death early yesterday morning. Shultz has been arrested and is in jail in this city. He pleads self-defense and claims that when he shot he aimed low, in order to cripple his assailant, not so kill him.

AN EXCITED COMMUNITY.

Nashville in Danger of Becoming the Scene of Another Lynching.

NASHVILLE, Oct. 11.—Nashville is in danger of becoming the scene of another lynching. Sunday afternoon Pat and Tim McCormick went to East Nashville, and on going through Shelby's Bottoms were attacked by two negroes, Ed Gillum and Will Mahoney, with base ball bats.

Without provocation, it is claimed, the negroes felled the white men to the ground. Tim McCormick's skull was fractured, and he died yesterday morning. Pat is in a dying condition.

A passer-by, attracted by the trouble, seized a rock and hit Mahoney upon the head, fracturing his skull and fatally wounding him. Gillum was chased by an angry mob of white men, captured and jailed. If Pat McCormick dies an attempt will doubtless be made to lynch Gillum, as the McCormicks have many friends who swear revenge on the surviving negro.

The jail is heavily guarded, and if an attack is made there will probably be a loss of life.

AN OPERATOR'S MISTAKE.

A Collision Occurs at a Noted Spot in Colorado.

DENVER, Oct. 11.—A Rio Grande passenger train collided with a freight train at Cotapaxi, near Salida, yesterday. Express Messengers Self and Galloway were very seriously injured and may die. Conductor Young and Fireman Ash, of the freight train, were badly injured. A mistake of an operator caused the wreck.

It was at this point that Burt Curtis and "Peg-Leg" held up a train eighteen months ago. Messenger Galloway was in charge of the treasure, \$4,000 of which was taken. The robbers are in the house of correction.

Horrible Crime Near Toledo.

TOLEDO, Oct. 11.—On Saturday the house of Mr. and Mrs. Lucky, in Kitley township, was destroyed by fire and their bodies and that of their daughter were found in the ruins. It is now ascertained that they were murdered and the house burned to hide the crime. A son of the dead man who had been absent some years and had only recently been released from prison where he had served a term for burglary, has been arrested at Smith's Falls charged with the murder. Blood stains were found on his clothing, and he is said to have been seen near his father's house just before the fire was discovered.

Touched a Live Wire.

INDIANAPOLIS, Oct. 11.—Joseph F. Toliver, aged twenty-four years, an electrician in the employ of the Indianapolis Electric company, was killed by a live wire in the alley north of the English hotel property, yesterday. He had just cut a live wire and was about to make a connection. He had placed one foot on a stone curb and was just starting to climb a step-ladder when he accidentally took hold of a second live wire. Toliver died in an instant. He received a shock of 2,000 volts. The man came here from Abilene, Kan., and had been an electrician for nine years.

Murder Over Money Matters.

PINE BLUFF, Ark., Oct. 11.—At 11 o'clock yesterday afternoon, J. H. Culpeper, a wealthy planter, was shot and killed by Israel Stewart, who acted as manager for Culpeper. The men quarreled over money matters, and when Culpeper turned to leave Stewart, the latter drew a revolver and fired, the ball striking Culpeper in the back of the head, killing him instantly. Stewart was arrested.

Emmet Dalton May Not Die.

COFFEYVILLE, Kan., Oct. 11.—It is now believed that Emmet Dalton will recover. A Wells Fargo express agent is here to arrange for paying the rewards to the slayers of the gang and the money to the families of those slain. Citizens here will solicit aid for the latter from banks hereabouts.

Killed in a Runaway Accident.

BOURBON, Ind., Oct. 11.—Mathias Moremiser, an old man, residing here, was instantly killed in a runaway accident. His wagon was loaded with lumber, and he was thrown from the wagon and entangled in the lines, in which position he was dragged 200 feet and run over.

PETERSVILLE, Ky., Oct. 11.—James Jourdan, who has been sick for several years, is reported to have actually sweat blood a few nights ago.

School Closed on Account of Diphtheria. SIDNEY, O., Oct. 11.—The schools have been closed on account of diphtheria.

LABOR TROUBLES

Many Failures That Have Been Caused by Them

DURING THE PAST SIX MONTHS

Pittsburg and Vicinity Greatly Affected by the Trouble at Homestead—A Big Lockout Begun in Boston—Various Other Labor News.

PITTSBURG, Oct. 11.—The labor troubles of the past six months are held to be largely responsible for recent business failures among the Hebrews in Wylie avenue district. Within the past week the sheriff has attached his bill of sale to six dry goods and notion stores in that section. Several of those failing have branch stores in the small towns in this vicinity which will also go down in the wreck.

The general reason advanced for the failures is that the peddlers and small dealers supplied from the Wylie avenue stores failed to meet their obligations, thereby preventing the merchants from settling with their creditors.

The whole system seems to have been one of credit. Little capital was invested by many of the dealers. All depended on their income from sales to meet their payments.

The merchants bought on credit from eastern wholesalers sold on credit to the peddlers and small stores and they in turn sold largely on credit to their customers. The latter are almost entirely of the mill working class. Homestead has always been considered one of the best fields for the pack peddlers' business in this section. The amount involved in these failures is over \$200,000.

Among the victims of the panic are S. Tapolsky, J. F. Friedman and D. Rosenthal. The latter's liabilities are said to reach \$125,000.

It is said that all the stores contain but a fraction of the amount of their liabilities, and if the sheriff's sales take place the New York firms will be the losers.

Lockout Begun in Boston.

BOSTON, Oct. 11.—In accordance with a vote taken at the last meeting of the Clothing Contractors' association, nearly every member of that body declared a lockout against their employees, beginning from Saturday afternoon. They allege that the action of the unions during the past year has been driving the work out of Boston. The number of people affected by the lockout is variously estimated as being from 300 to 1,300 men and women, only about 200 of whom are members of the Garment Workers' union.

Object to Armed Force.

ST. LOUIS, Oct. 11.—At a meeting last night of the local trades and labor union the following was adopted, and copies ordered sent to all labor organizations in the country:

RESOLVED, That we call on all labor organizations to take such action as will tend to prevent in the future the calling out of any armed bodies, state militia or otherwise, to be used for the purpose of forcing American workmen to comply with the demands of brutal and tyrannical capital.

Switchmen's Demands.

COLUMBUS, O., Oct. 11.—A meeting was held by the switchmen of all the roads entering this city, and it was decided to make a formal demand for the same rate of pay received by the Pittsburg and Cincinnati switchmen.

SHIP ABANDONED AT SEA.

Some of the Crew Missing and Others Reached Land Barely Alive.

SAN FRANCISCO, Oct. 11.—The brig J. D. Spreckles arrived from Honolulu yesterday, bringing news that the ship William A. Campbell, from Port Townsend, for Queenstown, was abandoned in a gale on Aug. 28. The mate, ten men and a boy arrived in a boat at Kahului, Sept. 20. The captain, his wife and child and the remaining eight of the crew in another boat are missing. The ship, which was wheat-laden, had leaked for some time. Water soaked into the wheel, which became swollen and burst the vessel. Fifteen days after abandoning, the drinking water in the mate's boat gave out and the only liquid remaining was several bottles of claret. Some of this was stolen by the men and then the mate mixed what remained with the contents of a can of kerosene, and for eight days this was used to moisten their parched lips.

The boat was picked up near Hawaii by natives. The occupants had all succumbed to exposure and exhaustion, and were unconscious when found. The boy was in the most serious condition, and was expected to die when the Spreckles sailed.

Wealthy Lumberman Killed.

CORNING, N. Y., Oct. 11.—While inspecting the new mountain railway being built to his lumber camp from the Fall Brook railway, near Cammal, yesterday afternoon, Francis Delay, a wealthy lumberman, who resides at Williamsport, Pa., was struck and instantly killed by a Fall Brook passenger train. Mr. Delay was sixty-three years of age. He was the owner of an immense tract of the finest land in the Pine creek region.

Killed His Comrade with a Jug.

DELPHI, Ind., Oct. 11.—Samuel S. Mentor, of Jefferson township, this county, and Nelson Highlander, a neighbor, went to Monticello Saturday and drank whisky. They started home late with a jug between them on their cart and in a quarrel Mentor struck Highlander with the jug and killed him instantly. He then surrendered. He claims self-defense.

MINISTER EGAN IN WASHINGTON.

He Calls on the President and Then on Secretary Foster.

WASHINGTON, Oct. 11.—President Harrison gave a conference yesterday to Minister Egan who has just arrived from Chili. In person Mr. Egan received the president's commendation for the manner in which he had discharged the difficult and delicate duties of his position, which the latter expressed in his message to congress last winter. The president also expressed his sense of satisfaction at the fair and honorable settlement of the recent difference between the two countries.

Mr. Egan delivered a personal message from the president of Chili to the president of the United States expressing his joy and satisfaction at the equitable adjustment of the matters recently in controversy between the two nations and his personal appreciation of the kindly offices of the American minister in bringing about such a happy result.

At the state department Mr. Egan gave to Secretary Foster the memoranda of the treaty agreed upon by him and the Chilean officials for the appointment of a commission to settle the claims of citizens of the United States against Chili. Mr. Egan brought no commercial treaty with him as has been stated.

He also endorsed to Secretary Foster the \$75,000 paid by Chili as indemnity for the assault upon the sailors of the Baltimore in Valparaiso by which two of them were killed and a number badly injured. The money was in the shape of letters of credit on Paris.

CROP REPORT.

Latest Statement Sent Out by the Agricultural Department.

WASHINGTON, Oct. 11.—The agricultural department report for wheat gives the state averages of yield per acre, ranging from six to twenty-two bushels and averaging thirteen bushels. The averages of the principal wheat growing states are as follows: New York, 14.3; Pennsylvania, 14.4; Texas, 12.3; Ohio, 13.2; Michigan, 14.7; Indiana, 14; Illinois, 14.7; Wisconsin, 11.5; Minnesota, 11.7; Iowa, 11.5; Missouri, 12.1; Kansas, 17; Nebraska 13.5; South Dakota, 12.5; North Dakota, 12.2; Washington, 18.4; Oregon, 13.7; California, 12.8.

The October statistical returns of the department of agriculture make the general condition of corn 79.8 against 70.6 for last month. This indicates a yield below the average. The absence of frost has been favorable to the ripening of the late and immature areas.

The average yield of oats is 24.3 bushels.

The average of the estimated state yields of rye is 12.7 bushels.

Conditions of potatoes has declined during the past month from 74.8 to 67.7.

Condition of buckwheat has declined since the last report from 89 to 86. It is 83 in New York and 90 in Pennsylvania.

The condition of tobacco has improved 3 or 4 points, now averaging 38.

MUST KEEP MUM.

Some Timely Instructions Sent Out by the Postoffice Department.

WASHINGTON, Oct. 11.—For some time past it has been apparent to the officials of the postoffice department that many postmasters disregard the long-standing custom to not furnish to inquirers the names and addresses of those who receive mail through their respective offices.

Many postmasters by imparting such information have unwittingly assisted and encouraged fraudulent schemes, such as "green goods" and other swindlers who rely upon the credulity of persons whose names and addresses have been obtained and paid for without disclosing their object.

To remedy this evil the postmaster general has issued an order to postmasters and other postal officers and employees, strictly prohibiting them from making public names, addresses or private information obtained by them in the discharge of their official duties.

CHOLERA PREVENTION.

Dr. Seibert Says It Can Be Effectuated Only by Stopping Immigration.

NEW YORK, Oct. 11.—Dr. August G. Seibert, who was sent to Hamburg and Berlin on Aug. 25 last by the health board of this city to observe and report on the methods of quarantine against cholera in use there, has returned home.

Speaking of the results of his investigation he said: "From all the confidential talks I had with Professor Koch and other prominent scientists and my personal observation in the plague city, I can say the only way to absolutely protect the United States against cholera is to stop all immigration from infected countries until at least twelve months have elapsed since the last case appeared in them."

The seventeen persons injured in the collision Saturday are all at the hospital and are progressing fairly well. The body of William Richardson, the last of the five victims, was recovered yesterday. The Premier lies in twenty-four feet of water. It will cost about \$50,000 to raise her.

THE PARADES BEGUN

New York City's Second Day's Celebration.

ALL IN HONOR OF COLUMBUS.

Thousands of School Children March Through the Streets—Little Girls Arranged to Present Living, Breathing Stars and Stripes—Elaborate and Beautiful Decoration on All Sides.

NEW YORK, Oct. 11.—Yesterday dawned bright and clear, and the first of the Columbus parades, that of the students and school children, was a great success. It is estimated that there were more than 25,000 students from the public schools of this city, Brooklyn and Long Island City in line, in addition to many others from Catholic and private schools and colleges. Thousands of the boys carried red, white and blue flags and were adorned with badges. Numerous military and other bands added to the spirit of the occasion.

Yesterday began the series of imposing pageants with which the city for the coming three days will honor the memory of Columbus. To the children, to the young of Gotham, was given the honor of beginning the civic and military displays. From public school and from private school, from parochial schools, from institutions and from asylums the children were marshaled thousands strong, and their older brothers from the colleges marched with them.

On every side throughout the city, alike in the section filled with brown stone or marble mansions, and in those where thronged tenements are crowded together, was there lavish display of flags and streamers, but especial attention was given by city officials and private citizens to the decoration of the streets and houses along the route selected for the parades. Fifth avenue, from the plaza at the entrance to Central park to the centennial arch at Washington square, was a blaze of color. Church and club, hotel and hospital, business house and private mansion, vied with each other in display of flags, in festoons of bunting, in wealth of bright hued shields and streamers.

The Columbia arch at Fifty-ninth street and Fifth avenue, with its statues, its flags, its shields and bannerettes, was complete in all its bravery. From Thirty-third street to the Worth monument on either side of the avenue stood poles painted and surmounted by golden balls from which hung flags, streamers and gonfalons. At Twenty-second street and Fifth avenue was another archway one hundred feet in length covered with flags and wreathed with evergreen smilax and palms.

A double wall of spectators of whom many were women and children extended from Forty-seventh street where the procession made its first start to the big arch in Washington square. The elaborate decorations all along the line of march helped to make the scene an impressive one. One of the special features along the line was that of 1,600 public school girls costumed in red, white and blue, so arranged upon one of the big stands that they formed a perfect representation of the stars and stripes. On another stand were 1,600 Catholic girls similarly arranged. They sang patriotic songs as the parade passed. Mayor Grant headed the line and afterwards reviewed it. An interesting feature was that of 300 Indian boys from the industrial school of Carlisle, Pa.

The delay in starting, which is the almost invariable feature of all civic parades, was not absent, and it was nearly 11 o'clock before the order to march was given.

The route of parade arranged was down Fifth avenue to Seventeenth street, to Fourth avenue, to Fourteenth street, to Fifth avenue, to Washington square, to University place, to Fourth street, where the parade disbanded.

In the public school division there were twenty regiments, 202 companies and 10,500 pupils in line. Besides these there were over a thousand students from the Long Island City public schools.

General James R. O'Beirne was marshal of the Catholic school and college division. The Roman Catholic schools and colleges of New York were represented by 3,500 pupils.

Ex-President Cleveland arrived at the Victoria hotel at 10:45. His private secretary, Mr. O'Brien, and C. Benedict, accompanied him. Mrs. Cleveland, accompanied by Mrs. Benedict and another lady, arrived at 10:50 a. m. Mr. and Mrs. Cleveland witnessed the school parade from rooms in the Victoria hotel.

The streets were literally crowded with visitors from all parts of the country and it is computed that fully 250,000 visitors are in the city. Nearly all the hotels are full and unless rooms have been engaged in advance, transient customers find considerable difficulty in securing accommodation. Most of the trains over the New York City, the Harlem and the New Haven roads are coming in in sections, some of them in four sections to accommodate the unusually heavy travel.

Last night a brilliant pyrotechnic exhibition took place on the New York and Brooklyn bridge.

Sorrow and Perils of Sailors.

HALIFAX, N. S., Oct. 11.—Three of the six fishermen missing from the Gloucester schooner Henrietta have been landed at Bay of Bulls, N. F. A Newfoundland schooner is said to have rescued the others. The Newfoundland schooner Reason has been missing since August 15, and is given up for lost, with a crew of ten men. Schooner C. B. Phillips has collided with an unknown vessel. Her crew of nine men are supposed to be lost. Seven Newfoundland vessels were lost during a recent gale on Labrador.

GRAND DEMOCRATIC RALLY

Will be held at the German-

urday, Oct. 15,

commencing at 10 o'clock a. m.
and continuing throughout the
day. Congressmen James B. Mc-
Creary, Congressman Paynter,
Hon. A. S. Berry, Judge Haz-
elrigg, Judge Harbeson, Hon. Leslie
Applegate and Commonwealth's
Attorney Sallee will address the
assembly. Refreshments will
be served on the grounds.

Everybody cordially invited to
attend.

The Republican State Central Com-
mittee met at Louisville the other day,
and decided on a more thorough organi-
zation. Democrats must meet them at
every point.

Thus, the Nineteenth, Judicial district
is composed of Mason, Bracken, Fleming,
Lewis and Greenup counties. In a cer-
tain memorable Congressional contest a
few years ago, Frank Power, the Demo-
cratic nominee, polled more votes in the
five counties named than Hon. W. H.
Wadsworth. Do the Republicans im-
agine Mr. Cochran is going to be our next
Circuit Judge? Do they imagine he is a
stronger man than the Hon. W. H. Wad-
sworth? Do they imagine that Hon. James
P. Harbeson, Democratic nominee, isn't
more popular than Frank Power?

Mr. Cochran, the Republican nomi-
nee for Circuit Judge, is a clever gentle-
man and all that, but his record as a bit-
ter partisan is not such as will draw any
Democrats to him, and he can't win with-
out Democratic votes. He has always
been a familiar figure about the polls as
a worker for his party in every warm
contest for years past. In the Congres-
sional fight in 1886 he was one of Judge
Thomas' most active lieutenants. And
yet, in the face of his past record, he is
appealing to Democrats for help. It is
hardly necessary to say that his vote-
hunting is not proving very successful, as
far as the BULLETIN's information goes.

REPUBLICANS PRAISE PAYNTER.
Postmaster Davis, editor of the Public
Ledger, the Republican organ of this dis-
trict, was in Washington City last May,
and in a letter to his paper, published
May 20th, said:

"Hon. Thomas H. Paynter is popular with every-
body, and I can cheerfully bear testimony to his effi-
ciency, having had frequent occasion to call upon him in
behalf of the public service."

Public Ledger, September 7: "Hon. Thomas H.
Paynter, present Congressman from this district,
was nominated at Carlisle yesterday for a third
term. The 'trade of politics' has become so per-
verted that one cannot do justice to an oppo-
nent without having his motives impugned; but
it is only fair to say that Mr. Paynter has made a
good representative. So far as we know, he has been
attentive to the wishes of his constituency, and business
entrusted to his care has received prompt attention."

TWELVE years ago Wayne McVeagh
was an able and honored member of Gar-
field's cabinet. Four years ago Walter
Gresham was the choice of the best ele-
ment of the Republican party for Presi-
dent. Both have come out in support
of Cleveland, and every Republican news-
paper and practical politician is declaring
that McVeagh and Gresham never had
or will have any political weight. In
short, that they are small potatoes and
only two in hill. Oh, politics, what
crimes are committed and lies told in
thy name!—Louisville Times.

An Ordinance

Providing for the Enlargement of the Con-
tract of the City of Maysville With the
Maysville Water Company, and for the
Supply of Water for Public and Private
Purposes in the Sixth Ward of Said City.

Be it ordained by the Board of Commissioners of the
City of Maysville, 1. That the ordinance of this
Council adopted in Council December 27, 1879, en-
titled, "An ordinance providing for a supply of
water and granting certain franchises and con-
tracts to the Maysville Water Company," and all
other laws and ordinances of the city of Mays-
ville in relation to said water company be ex-
tended over the Sixth ward of said city, so far as
said ordinances may be appropriate thereto, and
said water company is authorized to construct
and operate water works, and lay and distribute
suitable cast iron pipes and other attachments in
the Sixth ward of said city, for the supply of said
ward and its inhabitants with water for public
and private uses, and to use the streets and alleys
and other public highways and places within the
limits of the Sixth ward of said city in like man-
ner as provided in said ordinance adopted said
December 27, 1879, and other ordinances of said
city, subject to the modifications which may be
made by this ordinance.

2. The full design of this contract is to furnish,
as it may be needed, water supply and fire pro-
tection to the Sixth ward, but the pipe lines as
now contemplated and required by this ordi-
nance shall be as follows:

From Union street, on Second street, to the in-
tersection of Carmel street and east end of Forest
avenue.

From the intersection of Carmel street and east
end of Forest avenue, on Forest avenue, to east
side of Broadway.

From Second and Main street to Third street,
on Main.

From Third and Main street to Prospect street,
on Third.

From Second and Wood street to Forest avenue,
on Wood street.

From Forest avenue and Wood street, 300 feet
on Forest avenue towards the Fifth ward.

From Forest avenue and Wood street, 400 feet
on Forest avenue towards Main street. All of
which are to be laid in the ground with all the
suitable attachments and connections.

Water shall be supplied to the inhabitants of the
Sixth ward on same terms and at same rates as
to the inhabitants of the other five wards of
the city.

3. Said water company has on hand about 4,000
feet of twelve-inch pipe, all of which shall be
used upon the contemplated lines, and the other
pipes shall be of a size and capacity sufficient to
supply the wants of the different localities.

The water company shall lay at least 5,000 feet
of pipe before the 1st day of January, 1893; the
remainder by the 1st day of August, 1893.

4. The said water company shall erect on said
pipe lines, and other pipe lines hereafter to be
laid, fifteen fire hydrants, similar to those now in
use in said city; which shall be located as de-
signed by the committee having oversight of
water ways, and shall be furnished and erected
at the cost of said water company, and said water
company shall erect on the lines hereafter laid
seven additional fire hydrants to be located by
said committee; the cost of said fire hydrants
and their erection shall be paid by said city.

5. The consideration to be paid by the city of
Maysville for furnishing and laying the pipes
and for erecting and erecting the fifteen fire hy-
drants, and the erecting the additional seven fire
hydrants at the cost of the city, when rightfully
required, keeping the same in good order, and
the perpetual supply of water in the Sixth ward,
as in the other five wards of the city, is the sum
of fifteen thousand dollars, to be paid as follows,
to-wit: Five thousand dollars as soon as at least
5,000 feet of pipe are laid with the proper fire hy-
drants and attachments and in good working or-
der, and the balance of the sum of fifteen thou-
sand dollars by the 1st day of August, 1893, pro-
vided the pipe lines as laid down
herein are in position and in full and complete
operation; and five thousand dollars by the 10th
day of August, 1891, with interest on said sum
after the 10th day of August, 1893, if the whole of
said pipe lines in the Sixth ward of said city has
been completed by said date; and the City Coun-
cil further agrees, as an additional inducement
and consideration for the undertaking and ser-
vice rendered by the Maysville Water Com-
pany, that said property of said company to be
located in the Sixth ward of Maysville shall not
be subject to city taxes for the years 1893, 1894,
1895, 1896 and 1897.

6. The Maysville Water Company, in considera-
tion of the obligation of said city to pay said
\$15,000 as before stated, also binds itself to lay
suitable pipes for the distribution of water
through any and all of the streets of the Sixth
ward of said city, in addition to the pipe lines
herein located, whenever the revenues from ser-
vices on such lines shall pay 6 per cent. interest
on the cost of the pipe and laying same with all
proper connections, either by regular subscrip-
tion of subscribers, or by public or private dona-
tions.

7. This ordinance shall be in full force when
accepted by the Maysville Water Company, within
twenty days after its adoption by the City
Council.

FIXING FOR THE FIGHT.

Democrats to Organize and Make it Pretty Lively All Along the Line.

A meeting of the Democratic Executive Committee was held yesterday at the office of the Chairman, Mr. James N. Kehoe, to take steps to perfect a thorough organization throughout the county and get out a full vote at the November election.

It was decided to organize campaign clubs in each precinct, the work to be under the supervision of the precinct committeeman and the Democratic officers of election. The dates for the various meetings throughout the county will be arranged by the Chairman, Mr. Kehoe, who will soon announce the list, together with a list of speakers for each meeting. Nearly all the Democratic lawyers have promised to join in the good work, and there will be speakers at every meeting to discuss the issues of the campaign and instruct the voters on the new secret ballot. The new election law will receive special attention.

The members of the Executive Committee have joined heartily in the work, and the county will be better organized than ever before.

There is some little confusion in regard to the new election precincts, but the boundaries will be explained at these meetings.

The first meeting of the campaign will be held to-night at Tuckahoe. See notice elsewhere.

To-morrow (Wednesday) night, a meeting will be held at Key's school house, a few miles south of Maysville. Judge Phister and County Attorney Newell will be present and deliver speeches. Everybody cordially invited.

We wonder if Ike Woodward couldn't tell who was the prettiest girl on the fair grounds? He is said to be very fond of flowers and a worshiper at the shrine of Flora!

Holman Boulden, with his large force of hands, will finish Judge Ball's suburban cottage before the frost leaves the pumpkin. A "cyclone pit" is to be sunk instead of cellar.

Jack Bland and Tom Bratton, two of the young bachelor horsemen of Shannon, went to the great trotting carnival at Lexington to witness the \$5,000 trot of Monday.

While the Democracy will not tolerate a third, will they not accord a second term to the present incumbent? With this endorsement he says to his friends—"I shall be satisfied."

Our veteran widower, Mr. John L. Caldwell is taking in the Velled Prophet at the St. Louis fair. He is the guest of one of the handsome Kentucky widows resident in the suburbs of that city.

On Wednesday night, October 6th, "came frost, a killing frost," as Shakespeare has it, and all the tobacco out doors was killed, "too dead to skin". Patches from one to seven acres were caught west of Mayslick.

Three nights this week, in addition to the fine preaching, the Sardisians will have a good comedy company to play for them. The religious and theatrical element should be careful not to get things mixed.

Elder Tom Paine Degman, the Springfield evangelist, opened his protracted meeting with the Sardis Church Sunday last, with a good hearing. Elder Thuder, of Mayslick, arrived and will assist during the meeting.

Rev. Heber Wrightman was the clerical knot-tyer at the Lewis-Hitt wedding of Tuesday last week, with Joe Simons, of Maysville, and Miss Mary Morgan, of Shannon, attendants. Mr. Charles Collins gave the bride away.

Chanslor, of Shannon.

"I'll meet you at the Germantown fair" is easier said than done! The Chief Secretary, our gallant bachelor, Colonel Walton, was out playing the role of the rural Chesterfield, and your correspondent was caught on the premium list, and couldn't escape from the office to meet "one of the best of women." Your Germantown reporter touched a very tender chord in the interest he manifested, and we are ready to exclaim as Agrippa said unto Paul—"Almost thou persuadest me."

Our County Superintendent, Mr. Blatterman, is making his fall visitations among the schools of Mason. He rode thirty miles last Wednesday on horseback, visiting the schools at Shannon, Murphysville and Lowell. No one can be more faithful in looking after the internal management of these little educational nurseries. He delivers a brief and pointed address, adapted to the little circle of listeners, never failing to enlist the interest and attention of the pupils. His methods and illustrations remind us of the late Lewis Collins, who loved the children so well, and made such a good and acceptable officer.

The frost caught a good deal of tobacco in this county. Fields of from one to seven acres are reported badly nipped in some sections.

MENTION has been made that the C. and O.'s F. F. V. went into Cincinnati one day last week with six bridal parties. The same day the evening accommodation went into the Queen City with two happy couples.

Mrs. "Doc" LANE, of West Third street, has a curious freak of nature in the shape of a chicken that has no wings. It is well supplied with feathers in every other way, is a fine healthy chicken and, although it has no wings at all, it is getting there all the same.

SAYS the Portsmouth Times: "Hon. Tom Paynter, our Congressman across the river, will sweep his district to the sweet music of tariff reform. Mr. Paynter has made an active and useful member of Congress, and Greenup County should compliment him with a handsome majority."

MISS LOTTIE TAYLOR, daughter of Dr. Charles Taylor former pastor of the M. E. Church, South, of this city, is to be married the last of this month to Mr. J. W. Shackelford, of Cortland, Ala., where Dr. Taylor resides. Her brother, Mr. John Taylor, is now interested in the National Hardware Company of Cincinnati.

THOMAS CUMMINGS and Lucy McMann, of the Fifth ward, were married (?) at Aberdeen Saturday night by E. W. Sutton. Mr. Sutton has no more authority than Harrison Bradford has to tie the nuptial knot, but he has set up shop as a matrimonialist. His office is on Front street, where he can catch all the foolish runaway couples as soon as they leave the ferry.

Columbus Day in Cincinnati.

The discovery of America will be celebrated with Royal Pageantry embracing gorgeous tableaux illustrating six periods in the life of Columbus. The procession will be the largest ever seen in Cincinnati and in carrying out the historical features connected with the life of Columbus, it will be a true presentation of the great event four centuries ago. Three vessels, being counterparts of those which composed the fleet of Columbus, will start from the athletic grounds at the eastern end of the city and land at the foot of Broadway where the procession will form and after the parade there will be a grand concert at the Music Hall; the chorus will consist of 1,000 voices assisting the leading soloists of Cincinnati.

MURDER PLOT FOILED.

A Condemned Man Prepares to Kill the Turnkey and Escape.

MOUNT HOLY, N. J., Oct. 11.—A sensation was created here yesterday by the announcement in the court room by Prosecutor Burd that Wesley Warner, who is awaiting trial for the murder of Lizzie Peak, was foiled in an attempt to murder the turnkey and escape.

The plot was made known by Daniel Ryan, an elderly man from Burlington, who was in jail for assault. In view of this fact the prosecutor asked the court to suspend sentence on Ryan, which was done. It seems that Ryan was in the jail corridor Sunday night when Warner called him to his cell door and told him that he had made up his mind to murder Turnkey U. S. Reeves when he made his last round at night, and in that way secure possession of the keys and escape.

Ryan tried to urge him not to, but he replied he was going to make the attempt, as they could not hang him any more for two murders than they could for one. Ryan gave warning to the turnkey and Warner was at once removed to the dungeon and chained to the floor. A stout piece of wood was found concealed under Warner's bed, with which it is supposed he intended to do the deed.

A Farmer Uses a Double-Barreled Shotgun on Two Students.

LAWRENCE, Kan., Oct. 11.—Yesterday evening Fred Bassett, a farmer, shot and seriously wounded B. Higgins and Jack Gracoft, students of the Kansas university, because they walked across his land, which he had warned all the students not to trespass upon. Both were members of the university foot ball team, and were returning home from a practice game.

The shooting was done with a double barreled shotgun. Higgins' wounds are probably fatal. His left hand and arm were torn away and a number of shots lodged in his left breast. Gracoft was shot in the right leg, but will recover. Bassett has been arrested and acknowledges that he did the shooting.

Trying to Divide the State.

ST. PAUL, Oct. 11.—The Democratic state central committee yesterday afternoon withdrew the names of four of the Democratic presidential electors and endorsed four of the People's party electors. By this action the Democrats hope to elect their four remaining electors and thus at least divide the state with the Republicans. The managers of the populist campaign say it was purely a voluntary action on the part of the Democrats and claim that they had no hand in the deal.

An Actress Suicides.

PHILADELPHIA, Oct. 11.—When Actor Gallagher awoke at 10 o'clock in the theatrical boarding house of Thomas Herlihy, 1602 Race street, he found the dead body of his wife Ada on the bed beside him. She had cut her throat during the night with a razor. Temporary insanity, coupled with marital incompatibility are the supposed causes for the deed. The suicide's stage name was Ada Devere. She was twenty-six years of age and came from Allegheny, Pennsylvania.

CHARLOTTESVILLE, Va., Oct. 11.—Phil Young, an ex-convict, murdered a young white man named Manley Glass, near Central Plains, yesterday. He was arrested and jailed at Palmyra. Dunstan, of Hartford, is the manager of the company. Inability to collect moneys due is the cause. The company has an expensive plant here and may be reorganized.

Sinking Into a Mine.

SCRANTON, Pa., Oct. 11.—Surface settling of the worked out veins of the Central mine, underlying the Hyde Park section of the city, has caused damage to St. Patrick's Catholic church, St. Patrick's orphanage and the parochial residence of the Rev. J. B. Whelan. There is great danger of the "workings" spreading, and in such an event valuable property would be endangered. The St. Patrick's property alone is worth nearly \$200,000.

I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
